Rates for Full Audio (Case CATalyst v. 21)

Extended	\$1.50/page	7+ days
Standard	\$1.75/page	5 days
Expedite	\$2.50/page	3 days
ASAP	\$2.75/page	same or next day

Rates are based on work with audio issues, accented witnesses, technical jargon, etc., or that are just plain messy. A discount may be available for less challenging jobs and/or if proofing to full audio is not needed. Rates do not include proofreading; please refer to my proofreading rates sheet if you want that service as well (add extra turnaround time).

Days are counted from the time when a job is received. Eg. A job received Tuesday at 8AM for extended turnaround will be returned by the following Tuesday at 8AM. A job received at Thursday 9PM for expedite service will be returned by Sunday 9PM. At this time, weekends and holidays are normal business days.

I charge for the total number of pages at the time the transcript is returned. If page growth is more than 10%, my transcription rates apply to the extra pages. For example, a 100-page transcript at extended turnaround grows to 130 pages. 110 pages will be billed at \$1.50 per page. The other 20 pages will be billed at \$2.20 per page.

Billing

For new clients, invoices will be sent immediately after the job is completed and are payable upon receipt.

I invoice under my legal name of Marie-Andrée Crothers the last day of the month that the jobs are completed. Invoices are due within 15 days.

I accept payment via credit cards through Stripe, e-Transfers, TransferWise, wire transfers, and PayPal. Please note that I cannot accept Venmo or Zelle payments and that if your bank or service charges you a fee to pay me, I can deduct the on your next invoice if you send me proof of the fee.

All rates are in USD and are current as of 09/23/2020 and are subject to change with notice.
