Billing

I invoice under my legal name. For new clients, invoices will be sent immediately after the job is completed and are payable upon receipt. For established clients, I invoice the first business day of the month for all jobs completed the previous month, with invoices payable within 15 days.

My preferred method of payment is with a credit card through Stripe (payment link provided with the invoice), but I can also accept payments through PayPal. Please note that I cannot accept Venmo or Zelle payments.

All rates are in USD, are current as of 5/07/2026, and are subject to change with notice.
